

Patients are not all the same....  
why should their MRI be?

Charter Radiology introduces our NEW state-of-the-art 3T MAGNETOM Skyra MRI

## Our Scanner Offers:

### Comfortable

- The Open Bore design helps you feel more relaxed and can accommodate patients up to 550 lbs.

- The shorter magnet also means most exams can be done with the head outside of the system.

### Fast

- Exclusive technology allows for faster, more efficient exams and less wait time for the patient.

### Confident

- A strong 3T magnet delivers excellent images to help make a more confident diagnosis.

### Personalized

- Unique technology provides a more personalized exam that can be tailored to the patient's needs.

### Quiet

- The addition of the Quiet Suite - the patient will experience significant sound reduction.

## Contact us to schedule an exam:

116 Westminster Pike, Suite 104

Reisterstown, MD 21136

Phone: 443-917-2855

Fax: 410-346-5775
